

AMAZING TO ME

Chorus It's amazing to me, the way people can be.
I think I'll be strong. I'll be, someone to depend on.
We seem to fight it all for so long, still it goes on and on.

Verse 1 You don't see the scars but they're there.
Lets get together and compare.
Can they feel how deep they run?
When lovers betrayed, it played with my head,
But I got back up on my feet again and again.

Chorus It's amazing to me, the way people can be.
I think I will be strong! I'll be that someone to depend on.
Oh ya, ya, ya.

Verse 2 She lied right to my face though I called her a friend.
She hung her head in disgrace. A masquerade, with full disguise,
but I got back up much to my surprise. (Guitar Solo)

Verse 3 Memories can drag you down. Hold on to karma it comes back around.
But after all is said and done, I still believe, in people you see,
so many have been.....amazing to me.

Chorus It's amazing to me, the way people can be.
I think I will be strong. I'll be, someone to depend on.
We seem to fight it all for so long,
still it goes on, (it's amazing to me)
and on, (still it goes on)
and on (amazing to me).
