

HEART LIKE A CIRCLE

Verse 1 What else do you say to your mother, other than that you love her?

When I started searchin' to find you as a person,
my wish was to find just the right words.

Chorus Your heart is like a circle, radiating `round, the many things you do for others
and when it's the time for love and compassion you can be found.

Yes love and compassion radiating `round.

Verse 2 You are blessed with endless abilities. Your spirit strong even when you're weak.

Devoted to friends and family, you have truly been there for me!

The life of the party, a light in the crowd.

Chorus Your heart is like a circle, radiating `round, the many things you do for others
and when it's the time for love and compassion you can be found. (Solo)

Verse 3 Beautiful soul inside and outside.

Sometimes sad though you wear a smile.

If someone is in need, you give from the heart

so graciously! People are always on your mind.

Chorus Your heart, your heart is like a circle, radiating `round,
the many things you do for others and when
it's the time for love and compassion you can be found.

Yes love and compassion radiating `round.

End Your heart full of compassion radiating `round
and `round and `round and `round like a circle.
