

LOVE TO DANCE

Verse 1 **I love to dance, out with my friends.**
We're a little older now with no time to spend.
But tonight we're on the floor, lettin' the music take control.

Verse 2 **I love to dance, when the beat is strong.**
Just got to groove to that old funky song.
Cocktails start to flow, feel the kick drum in your soul.

Bridge 1 **Memories of the early days, come flooding to my brain.**
It's hard to see them through the haze. Has anything really changed?

Break **I love to dance. Do you love to dance? (Solo)**

Bridge 2 **Memories of the early days, come flooding to my brain.**
Lookin' back we were insane! Has anything really changed?

Verse 3 **I love to dance, out with my friends.**
Feels good to be, together again!
And tonight we're on the floor, hopin' the band will play one more!

Outro **I love to dance. Do you love to dance?**
When you hear some disco or rock'n'roll?
I love to dance, whether it's reggae or R&B.
I just love to dance! Ya, I love to dance!
Do ya love to dance?
