

ONLY A SHORT TIME AGO

Verse 1 **Only a short time ago, you decided you wanted to let go.**

Walls came down, no more pretense.

We could see we were meant to be friends.

Chorus **Soon the miles will be great! You'll be with your mates.**

I'm coming to realize you won't be here! I feel loneliness and I,

I feel fear.

Verse 2 **You've got a way about you. You make me laugh and you're never untrue.**

When we're oceans apart, you've got to know you'll live inside my heart.

Good friend.

Chorus **Soon the miles will be great! You will be with your mates.**

I'm coming to realize you won't be here! I feel loneliness and I,

I feel fear.

Verse 3 **So when you're in that far-away town, think of me and I'll be around,**

in the memories that we share. It's so hard to say goodbye.

Feels like I've known you for all of my life. My good friend!

Chorus **Soon the miles will be great and you'll be with your mates!**

I'm coming to realize you won't be here! I feel loneliness and I,

I feel fear.

Outro **Only a short time ago.**

Only a short time ago.

Only a short time ago.
