

## **SINCE I MET YOU**

**Verse 1**     **Ain't it funny? Well I guess it's sad.**

**Preferred being alone to the love I've had.**

**Chorus**     **But it's all different now. You've changed my way somehow.**

**Always thinking of you it's true.**

**My feelings turned upside down, since I met you, since I met you.**

**Verse 2**     **Into my life, you appeared one day.**

**With one kiss I knew, we might feel the same.**

**Chorus**     **And it's all different now. You've changed my way somehow.**

**Always thinking of you it's true.**

**My feelings turned upside down, since I met you, since I met you.**

**(Solo)**

**Bridge**     **Can I believe, there's someone out there for me?**

**Someone to laugh with, see the love in their eyes so easily.**

**Chorus**     **Yes it's all different now. Lonely times are gone somehow.**

**Only thinking of you it's true.**

**My feelings turned upside down, since I met you,**

**since I met you, since I met you.**
